

## Remington Standard Typewriter! IN NICE OFFICES

### WHAT IS IT?

A simple, compact, and durable machine, which successfully performs the work of the pen, with a tremendous saving of time and exertion.

### WHAT WILL IT DO?

It produces, with speed and certainty, in clearly legible printed characters, one or many copies of any kind of writing, excepting such as must be done in books.

### TO WHOM IS IT USEFUL?

To every one who has writing to do. In business circles its desirability is assured. Lawyers and journalists cannot do without it. Professional and scientific men realize its worth to them. The author and thinker find it invaluable. It conserves the most potent kind of energy—that of the brain—by reducing to a minimum the mechanical labor of writing, and distributing it among all the fingers of both hands. Writer's cramp disappears where it is used. It presents the printed appearance of the work to the mind at once.

### WHO CAN OPERATE IT?

Any one of ordinary intelligence. A very few trials enable any one to write upon it readily. Thereafter it is only a matter of practice.

## Gen. King Selects Rooms in the Progress Block.

Furnishings at Hand—Headquarters.  
Electric Elevator—Permanent  
Garrison Here.

Gen. King, Maj. Ruhlman and others of the chief officers of the military District of Hawaii, are to have offices in the new Progress block. The lease has been made by Walter C. Weedon for Bruce Waring & Co., and possession will be taken at once. Yesterday desks were being unpacked at the Progress block and Orday & Porter were placing mats and carpets. The rooms are on the second floor and are large and light and well ventilated. They are easy of access either by stairway or elevator. The new electric elevator is to be in working order on Monday morning next. Gen. King and members of his staff had many offers for headquarters, but finally selected the rooms in Progress block and certainly will be comfortably located at a central point. Gen. King is just now sharing space with Capt. Lydig in the Gedde cottage corner of Hotel and Richards streets.

According to dispatches from Washington there is to be here not only a permanent, but an extensive military establishment. There is authorization for a hospital at Honolulu, to cost, with its site, \$35,000. Barracks for at least 1,300 troops are also to be erected. There is authority to spend \$190,000 for the erection of these barracks. Officers' quarters at Honolulu are also to be built, and it is understood that the authorities have power to spend \$58,000 for that purpose, and residences for forty-four officers are to be erected.

### FOR NEW LAWYERS.

Procedure for Admission to Bar of Hawaii.

The following regulation is published by request for the information of the many new attorneys applying for admission to the Bar of Hawaii:

Applications for admission to the Bar of the Supreme Court, or of the lower courts, must be by petition in the applicant's handwriting, setting forth his age, birthplace, nationality, last place of residence, and the character and term of his study both liberal and professional. Sufficient certificates of the applicant's good moral character, and, if he be a member of the Bar of any foreign court, the certificate of his admission to such Bar, must accompany the application. Whenever the Court deems it advisable, it may subject the applicant to an examination upon the Constitution, Laws, and Practice of the Courts of the Hawaiian Islands, and upon the general principles of law. The applicant must be a citizen or denizen of the Hawaiian Islands, and must have taken the oath prescribed by Article 101 of the Constitution.

### Church Petition.

A petition is being circulated among the members of the Anglican Church in Honolulu, addressed to the House of Bishops of the Episcopal Church of the United States asking that the church on these islands be amalgamated with that of the United States and that it be placed within the diocese of California or under one of the Bishops on the Coast.

### Arizona Coaling.

The troopship Arizona is receiving about one thousand tons of coal from the collier General Gordon which lies alongside of her out in the stream. By tonight the troopship, with the three hundred tons that was in her, will be completely filled and Arizona will move to Pacific Mail wharf where the ambulance wagons and stores for Manila will be loaded.

### Union Meeting.

The next regular meeting of the Young People's Societies of the churches of this city will be held in the Kawaiahae church Sunday evening beginning at 6:20 o'clock. The subject for the meeting is "Repentance and Conversion." Mr. D. L. Naone is the leader for the entertaining society. The young people of the city are invited to attend.

Another session of the Bar Association will be held at 9 o'clock this morning for consideration of the memorial to be presented to the Commission.

Mr. Smith, of Pearl City, has returned from the Coast after interesting California people in a local fruit growing and exportation enterprise.

Forty-five shares of Oookala went on 'Change yesterday for \$100. No other sales. Another session of the Exchange will be held this morning.

George H. Ruttman was brought from Hilo yesterday and sent to Oahu jail to await a hearing on motion for new trial on the 19th.

Races at Pearl Harbor this afternoon will begin at near 4 o'clock as possible. Trains leave town at 1:45 and 3:15 p. m. sharp.

A. J. Rodrigues and son, of Maui, and Chas. Williams, of Hawaii, are at the Queen Hotel.

V. M. Fischer, the Oia coffee planter, returned by the Columbia to Hilo from Florida.

### A NEW BLOCK.

Six Stores and Fifty-Four Rooms for a Corner.

Ripley & Dickey have made for Bruce Waring & Co., plans for a two-story business block and apartment house to be erected at the corner of Fort and Beretania street, opposite the Central Fire Station, just so soon as the two streets mentioned are widened by the Government. The widening will not be delayed much longer.

The new building will be of Moorish design, pretty and attractive. There will be six stores on the ground floor. On the second floor there will be fifty-four large rooms and besides an office, bath rooms, smoking room, parlor, etc. There will be wide and high main halls and wide alcove entrances to the rooms.

In the rear of the new building will be left a considerable ground space for a court or perhaps for a culinary department. In the present crowded condition of the city such a new building would be quickly occupied. Mr. Weedon, who is acting here now for Mr. Desky, said yesterday that work on the building would begin immediately there was assurance of street widening.

Eczema, scald head, hives, itches of the skin of any sort, instantly and permanently cured. Doan's Ointment. At any chemist's. 50 cents.

## Ayer's Hair Vigor

### What does it do?

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It prevents and it cures baldness.

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.
